

Senior Analyst Data and Operations

Alberta Investment Management Corporation (AIMCo), Edmonton - You will use your understanding of investment fundamentals, and your technical and analytical skills in providing comprehensive investment data management to facilitate the ongoing development, deployment and enhancement of the Eagle Pace application and other systems such as FMC Pacer, SimCorp Dimension, Calypso and Charles River. You will also provide your expertise in the area of reference and market data, operational and data controls, and overall strategy.

To be successful in this position you will require a solid understanding of financial markets, knowledge and experience dealing with complex investment instruments, strong analytical, problem-solving and facilitation skills and the ability to establish effective working relationships. Your excellent communication skills and your ability to work in a dynamic team environment are essential.

Qualifications:

- University degree in Business, Finance, Economics, MIS or related discipline supplemented by 3 to 5 years of experience in Investment Operations with a focus on data management and/or reporting.
- Knowledge of Eagle Pace or other investment data management tools, Knowledge of market data providers such Bloomberg, Thomson-Reuters etc.
- Proficiency with SQL is required.
- Sound understanding of security types (including derivatives) and associated data.
- Completion of Canadian Securities Course and/or CFA is desirable.

NOTE: Final candidates will be asked to undergo a security screening, which includes a credit bureau and a criminal record investigation, the results of which must be acceptable to AIMCo.

Location: Edmonton
Salary: AIMCo offers a competitive compensation and benefits package, including the potential for a performance based bonus.
Closing Date: **Until Filled**
