

GWP Wealth Management Inc. is an Edmonton-based Investment Counselor that provides discretionary portfolio management in segregated accounts to the affluent. Founded in 1996 assets under management have grown to over \$200 million.

GWP's founders are looking for an Equity Analyst/Portfolio Manager whose primary responsibility will be to assist in the management of the Canadian stock portfolio with secondary responsibilities related to bond and money market activities.

The successful applicant must be willing to work in a small-firm environment and possess the following minimum requirements:

- Self-starter able to work with minimal direction
- Strong analytical and communication skills
- A passion and deep interest in the stock market
- An undergraduate degree
- A willingness to obtain the Chartered Financial Analyst designation
